ScanSnap

iX1300

Small scanner, big impact

Small scanner, big impact

Fits into your life, on any desk

The modern way of working can be full of surprises, and we can all find ourselves working in tight spaces and new places. The smart and ultra-compact iX1300 is designed to fit into any office desk or home office setup, helping you stay productive wherever life takes you.

Simple, Practical and Efficient

The iX1300's innovative feed path creates a tiny operational footprint that makes it our smallest desktop scanner yet. Instant Wi-Fi connectivity and PC-free scanning to cloud services using ScanSnap Cloud are all part of a smarter way to work.

The iX1300 is packed with time-saving features to boost efficiency; with no wait time to warm up, you are ready to go in seconds. Plus, the Return Path capability means you can instantly scan individual sheets without even opening the cover. And a 20-sheet feeder and impressive 30 double-sided pages per minute speed let you finish scanning in no time at all.

The intuitive ScanSnap Home software (included) helps you easily convert the papers you have, into the digital files you need. Giving you greater control over your admin so you can focus on what matters most.

There's plenty of personal productivity packed into our most practical scanner yet, ensuring the iX1300 makes paper work for you and your business.

Practical productivity

Return path scanning

With ScanSnap you don't need to know IT – just how to press a button. And, with the iX1300, you don't even need to open the cover.

The return path scanning mechanism means you can instantly scan both sides of individual sheets or booklets up to 2mm thick simply by feeding them in and pressing the Scan button.

U-turn feed path

The iX1300 is our most compact desktop scanner. The extremely small operational footprint is thanks to the innovative U-turn feed path which means there is no rush to move things out of the way to extend a paper tray when you need to scan multiple sheets – saving you time, and space.

ScanSnap iX1300

Wi-Fi connectivity

Instant Wi-Fi connectivity and PC-free scanning let you quickly set the iX1300 up, and scan directly to your preferred cloud services or our mobile app.

Standard, editable output files

Boost productivity with the iX1300's ability to save your documents in a range of formats including PDF and searchable PDF, editable MS Word, Excel and PowerPoint files, or JPEG. A practical feature that provides flexibility when working with your digital files.

Boost Efficiency

Quickly scan multiple sheets

Being efficient is a top priority in the modern world and the iX1300 delivers.

An impressive scanning speed of 30 double-sided pages per minute and an Automatic Document Feeder that holds up to 20 sheets means you can reliably scan whatever you like in no time at all - quickly getting you back to the more important things in your life.

Custom file tagging

With custom file tagging you can add your own tags to scanned document files with minimal fuss – making it easier and faster for you to search for, find and retrieve them at a later date.

Intuitive ScanSnap Home software

The intuitive ScanSnap Home software (included) helps quickly and easily convert the papers you have into the digital files you need, giving you greater control, and helping you focus on what matters most.

From automatic classification according to document type, image optimisation and final file distribution, to assisting you to manage and edit scanned data from documents, receipts, business cards, photos, and more, ScanSnap Home takes the stress out of organising and finding what you need.

User Experience

Simple setup

With the iX1300, there are no complex settings or TWAIN protocols to deal with. Easy setup via Wi-Fi or from mobile creates a simple, user-friendly setup experience.

No warm up time

When you've got something to scan you don't want to be left waiting around wasting time.

In addition to the one-touch scanning experience ScanSnap users are used to, the iX1300 doesn't need any time to warm up and has a streamlined scanning process that allows you to go from start to scan in just two or three steps.

General Specifications

Product name	iX1300
Scanner Type	Dual Path: Automatic Document Feeder (ADF) / Return Path - double sided scan
Image Sensor	Colour Contact Image Sensor (Front & Back)
Light Source	3 Colour LED (Red/Green/Blue)
Optical Resolution	600 dpi
Scanning Speed (A4 Portrait)	30 pages per minute (200 dpi - 300 dpi)
Standard Paper Sizes	A4, A5, A6, B5, B6, Business Card, Post Card, Letter, Legal Folded A3, B4 and Double Letter via Return Path
Custom Paper Sizes	ADF / Return Path: Minimum: 50.8 mm x 50.8 mm (2" x 2") Maximum: 216 mm x 360 mm (8.5" x 14.17")
Paper Weight	ADF: 40 g/m² to 209 g/m² (11 lb to 56 lb) *varies according to paper size* Return Path: 20 to 413 g/m² (5.4 to 110 lb), Booklet of 2 mm or less
Card Scanning	Return Path only: Portrait/Landscape, thickness up to 1.4 mm (including emboss)
Feeder Capacity	ADF: 20 sheets of standard A4 (80 g/m²) *varies according to paper thickness*
Multi-feed Detection	Length Detection
ScanSnap Home Image Processing Functions	Automatic Colour Detection, Automatic Cropping, Automatic Deskew, Automatic Rotation, Blank Page Detection, Brightness (B&W Only), Deskew by Document Text, Document Title Extraction, Document Type Detection, Increase Text Contrast, JPEG Compression, Reduce Bleed-through, sRGB, Vertical Streaks Reduction
Output File-types	JPEG, PDF, Searchable PDF. Password PDF, PDF/A (Windows® only). Editable MS Word, Excel & PowerPoint with ABBYY FineReader for ScanSnap™
USB Interface	USB 3.2 Gen 1 / 2.0 / 1.1 (Type-B Connector)
Wi-Fi Interface	IEEE802.11 b/g/n Frequency band: 2.4 GHz
Wi-Fi Modes	Access Point Connect Mode – for connecting to a modem/router. Direct Connect Mode – for connecting directly to a mobile device
Power Consumption	Operating: 17 W or less. Sleep: 1.7 W or less
Operating Environment	Temperature: 5°C to 35°C (41°F to 95°F) Relative humidity: 20% to 80% (Non-condensing)
Device Dimensions (W x D x H) *when closed*	296 x 114 x 87 (mm) 11.7" × 4.5" × 3.3"
Device Weight	2.0 kg (4.4 lb)
Device Driver	ScanSnap specific driver Windows®: Does not support TWAIN / ISIS® macOS®: Does not support TWAIN
Environmental Compliance	ENERGY STAR® / RoHS
Standard Warranty	1 Year

Software
